

Galaxy S22

The Samsung Galaxy S22 is a compact flagship Android phone with a bright 6.1-inch Dynamic AMOLED display and a smooth 120 Hz refresh rate. It's powered by a Snapdragon 8 Gen 1 (or Exynos in some regions) and comes with 8 GB of RAM and up to 256 GB of storage. You get a versatile triple-camera setup with a 50 MP main sensor, plus 10 MP telephoto and 12 MP ultra-wide lenses, along with a 10 MP front camera.

Feature	Description
Display	6.1-inch Dynamic AMOLED 2X screen with Full HD+ resolution (2340×1080). It supports a high 120 Hz refresh rate which helps with smoother scrolling and animation, HDR10+ for richer contrast and brightness, and strong peak brightness up to around 1300 nits for good outdoor visibility. The panel is flat and protected by Gorilla Glass Victus+.
Processor	Powered by a high-end Octa-core chipset (Snapdragon 8 Gen 1 on many regions) built on a 4 nm process. It manages performance and power efficiency for apps, games, and multitasking.
Memory & Storage	Comes with 8 GB of RAM paired with 128 GB or 256 GB of internal storage. There's no microSD card slot, so storage can't be expanded.
Operating System	Ships with Android 12 and Samsung's One UI on top, offering a customizable interface with useful features and ongoing software support.
Rear Cameras	Triple-lens system with a 50 MP main sensor (wide), 12 MP ultra-wide, and 10 MP telephoto lens. The telephoto gives 3× optical zoom. It supports high-resolution stills and video recording up to 8K and advanced HDR features.

Front Camera	A 10 MP selfie camera with good detail and 4K video recording capability.
Battery & Charging	A 3700 mAh battery that supports 25 W wired fast charging and 15 W wireless charging. There's also reverse wireless charging so you can power other compatible devices.
Connectivity	Includes 5G, Wi-Fi 6, Bluetooth 5.2, NFC, GPS, and USB-C. These cover modern high-speed data, connectivity, and location needs.
Security & Biometrics	Under-display ultrasonic fingerprint sensor and facial recognition support for quick, secure unlocking.
Durability	IP68 water and dust resistance rating for protection against splashes and dust. The build uses Gorilla Glass Victus+ and an armor aluminum frame for structural strength.
Software Support	Samsung has committed to long-term updates, with multiple Android OS upgrades and security patches expected over several years.
