

Redmi Note 12

The Redmi Note 12 is a mid-range Android smartphone with a 6.67-inch AMOLED display that supports a 120 Hz refresh rate for smooth visuals and bright, vibrant colors. It runs on a Qualcomm Snapdragon 685 processor with up to 8 GB of RAM and up to 256 GB of internal storage, and it runs Android 13 with MIUI 14 on top for everyday tasks and media. The camera setup includes a 50 MP main sensor, 8 MP ultra-wide, and a 2 MP macro lens on the back, plus a 13 MP front camera for selfies.

Feature	Detailed Description
Display	6.67-inch AMOLED DotDisplay with 1080×2400 (FHD+) resolution and 120 Hz refresh rate for smooth scrolling and vibrant visuals. It supports wide color (DCI-P3), high peak brightness (~1200 nits), and eye-care modes like Reading Mode for comfortable viewing in different lighting conditions. The screen is protected by Corning Gorilla Glass 3 for scratch resistance.
Processor (Chipset)	Powered by the Qualcomm Snapdragon 685 built on a 6 nm process, with an octa-core CPU (up to 2.8 GHz) and Adreno 610 GPU . This setup balances energy efficiency and performance for daily tasks like browsing, social apps, and light gaming.
Operating System & UI	Runs Android 13 with MIUI 14 on top, giving a feature-rich interface, customization options, and Xiaomi-specific tools.
Memory & Storage	Available in 4 GB, 6 GB, or 8 GB of RAM paired with 128 GB or 256 GB of internal storage using LPDDR4X RAM + UFS 2.2. Storage can be expanded up to 1 TB via a microSD card in the hybrid SIM slot.
Rear Cameras	Triple camera system: • 50 MP main wide camera with f/1.8 aperture for detailed photos• 8 MP ultra-wide lens with 120° field of view for landscapes and group shots• 2 MP macro lens for close-up shots. Supports HDR, panorama, and 1080p video recording at 30 fps.
Front Camera	13 MP selfie camera with f/2.45 aperture, HDR, and 1080p video recording . It captures clear self-portraits and handles video calls well.
Battery & Charging	5000 mAh battery designed to last through a full day of typical use. Supports 33 W fast charging with the included adapter and USB-C cable.
Connectivity	Includes 4G LTE, Wi-Fi 802.11 a/b/g/n/ac (dual-band), Bluetooth 5.0, GPS/GLONASS/Galileo, USB-C 2.0 , and 3.5 mm headphone jack . Some regional variants may offer NFC support. There's also an IR blaster for remote control functions.
Security	Side-mounted fingerprint sensor for quick and secure unlocking, plus AI face unlock using the front camera.
Design & Build	Slim profile at around 7.85 mm thickness and ~183.5 g weight . The phone has IP53 dust and splash resistance , giving basic protection against spills.

	and dust. Available in colors like Onyx Gray, Mint Green, Ice Blue, and Sunrise Gold.
Sensors	Standard sensor suite including proximity, ambient light, accelerometer, compass, and gyroscope. These help with navigation, screen orientation, gesture detection, and motion input.
Audio & Extras	3.5 mm headphone jack, stereo speakers, and support for high-resolution audio playback. The IR blaster lets you control TVs and other devices.
