

Redmi Note 10

The Xiaomi Redmi Note 10 is an affordable mid-range Android smartphone with a solid set of features for everyday use. It has a 6.43-inch Super AMOLED display with Full HD+ resolution that delivers bright, colorful visuals and smooth viewing for videos and apps. The phone runs on a Qualcomm Snapdragon 678 processor, paired with options up to 6 GB of RAM and up to 256 GB of internal storage that can be expanded with a microSD card. You'll find a quad-lens rear camera setup led by a 48 MP main sensor and a 13 MP front camera for selfies.

Feature	Description
Display	6.43-inch Super AMOLED DotDisplay with 1080×2400 (FHD+) resolution and ~409 ppi for sharp, vibrant visuals. It supports a wide color gamut and high contrast, with up to 1100 nits peak brightness for good outdoor visibility and Reading Mode & Sunlight Mode for comfort in different lighting. Corning Gorilla Glass 3 protects the screen.
Processor (Chipset)	Powered by the Qualcomm Snapdragon 678 (11 nm) octa-core processor with Kryo 460 cores and Adreno 612 GPU. This combination handles daily tasks, browsing, video, and light gaming efficiently while balancing power use.
Operating System & UI	Runs Android 11 with MIUI 12 on top, giving a customizable interface and features like gesture navigation, dark mode, and Xiaomi's utility perks.
Memory & Storage	Available in 4 GB or 6 GB RAM with 64 GB or 128 GB internal storage (UFS 2.2). Dedicated microSDXC card slot lets you expand storage separately from the SIM cards.
Rear Camera System	Quad-lens setup: • 48 MP wide main sensor with f/1.8 aperture for detailed daytime shots • 8 MP ultra-wide (118°) for landscapes and group shots • 2 MP macro for close-up details • 2 MP depth sensor for better portrait bokeh. Camera features include AI portrait mode, Night mode, Pro time-lapse, HDR, and panorama . Video up to 4K @30 fps is supported.
Front Camera	13 MP selfie camera with f/2.45 aperture, HDR, AI beautify, and portrait effects. It can shoot 1080 p video @30 fps , giving good quality selfies and video calls.
Battery & Charging	Large 5000 mAh battery designed to last well through a full day of browsing, video, and calls. Supports 33 W fast charging , so you can top up quickly when needed.

Connectivity	Standard modern connections including 4G LTE, Wi-Fi 802.11 a/b/g/n/ac, Bluetooth 5.0, GPS, and USB-C 2.0 . There's a 3.5 mm headphone jack for wired audio. NFC may not be available in all variants.
Security	Side-mounted fingerprint sensor for quick unlocking and AI face unlock using the front camera.
Build & Design	Slim profile with a glass front (Gorilla Glass 3) and plastic back/frame. It's rated IP53 for splash and dust resistance (not full water resistance, but offers basic protection). Available in colors like Onyx Gray, Pebble White, and Lake Green .
Audio & Extras	Stereo speakers for richer sound, FM radio support, and IR blaster for remote-control functions. The phone keeps the headphone jack for wired listening.
Sensors	Standard sensor array including accelerometer, proximity, compass, and gyroscope , helping with screen rotation, navigation, and immersive interactions.
