

Galaxy A52

The Samsung Galaxy A52 is a solid mid-range Android smartphone with a 6.5-inch Super AMOLED display that delivers bright, vibrant visuals and smooth motion at a 90 Hz refresh rate. It's powered by a Snapdragon 720G octa-core processor with plenty of RAM and storage for everyday use, and runs Samsung's One UI on Android. The phone has a versatile quad-camera setup with a 64 MP main sensor and a 32 MP front camera for selfies, plus a 4500 mAh battery with fast charging. You also get IP67 water and dust resistance and a microSD slot for storage expansion, making it a strong all-around choice in its class.
