

Vivo V23

The Vivo V23 is a mid-range Android smartphone known for its stylish design, strong selfie cameras and balanced performance. It features a bright 6.44-inch AMOLED display with a smooth 90 Hz refresh rate, letting you enjoy vibrant visuals and fluid scrolling. Under the hood it runs on a MediaTek Dimensity 920 5G processor paired with up to 12 GB of RAM and 256 GB of storage for everyday tasks and multitasking. The camera setup includes a 64 MP main rear sensor with ultrawide and macro lenses, plus a distinctive dual-lens front camera with a 50 MP primary sensor that captures detailed portraits and group selfies.
